

# MAGIC<sup>TM</sup> BORIC SOLDERING DIP

## Product Number:

11945 - 16 ounce bottle

## Packages:

11945/ 12 bottles per case

## Magic Boric Soldering Dip<sup>TM</sup>

### INTENDED USES:

Safe, non-flammable, long-lasting soldering dip with a built-in flux. Used for coating before soldering. When applied, it creates a heat shield to protect items being soldered from oxidation and discoloration.

### USAGE INSTRUCTION:

Just dip the item to be soldered in Magic Boric Soldering Dip and stir to coat, then solder. There will be no flaming up as there is with alcohol and no flux is needed because a flux is built-in. Works like Boric Acid Powder to prevent oxidation of silver during soldering. Magic Boric is water based, so as it evaporates, just add water. Used for coating before soldering.

### PROPERTIES

State:	Liquid
Color/ Form:	Whitish Slurry
Scent:	Mild Acidic
Solubility:(In water)	ND
pH:	4.2
Shelf Life:	2 years (Normal indoor condition 70°)
Hazard Rating:	<b>HMS 2 0 0 B</b>
